MONTERREY BIBLE SCHOOL CELEBRATES 50 YEARS

We celebrated the 50th anniversary of the founding of the bible school in Monterrey. It was a time of great joy. We heard many wonderful testimonies from the graduates concerning their ministries in many parts of Mexico, testimonies of healings, salvations, and church growth.

Each year we receive the graduates of the school as they gather in for their annual camp meeting. This year was special because it celebrated the 50th year of the Bible school. The graduates of the school have gone to many places throughout Mexico and some even to the United States. They teach and preach the message that, (1) we are crucified with Christ, (2) that Christ himself lives within us. Their ministries are prospering even in the face of the recent violence in Mexico. They are brave warriors for the Lord in prayer and preaching. We were so happy to see them gathered together for fellowship and hear of their labor in their work of the Lord.

The gathering of the graduates 2015; I'm seated first row to the right with the directors of the Bible school, David and Vicky Rodriguez.

Ten more young people graduated and are joining the others in this labor. Thank you, friends, for your support of this ministry as well as to the ministry to the orphan children. We are still supporting orphanage homes, ministers, churches, and needy families. **Funds are severely down please join us in prayer for this ministry and consider a donation** to help us continue with the mission that the Lord put in our hearts many years ago. Thank you for all your financial support and prayers.
