MINNIE & GARY SANDMANN ESTABLISH A NEW CHURCH

Among various outreaches Minnie & Gary have been doing in Mexico is the new church in the southern state of Guerrero, about 10 hours from Acapulco. Minnie grew up in our Children's Home in Monterrey. We took her in at the age of four. She grew up learning the ways of the Lord and as an adult God sent her a Missionary husband, Gary Sandmann. Together they have established many mission outreaches, feeding programs, mission churches, kids camps, and this new church in the southern state of Guerrero, a dangerous area south of Acapulco. It is the first ever evangelical church in the town of Tierra Blanca, Guerrero. She reports that many members of the community were not happy about the new church opening. Not too long ago, this community was violently opposed to visiting preachers. As they prepared for the close of the 2 day event the power was shut off on purpose by a group of the towns' leaders. But they could not shut off the Power of the Holy Spirit! They continued and people kept coming until there were no chairs and people were standing outside to listen. They are happy to report that souls were saved, including an elderly man living a homosexual lifestyle, and an older women who they later learned was the leader of a temple of witchcraft in that town. May God Bless their ministry.

Last month Wyman traveled by bus to the city of Kenedy in south Texas. He was requested to go and speak for the 70th birthday celebration of Pastor Honorio Velazquez and the celebration for his many years in the ministry. Pastor Honorio was one of the first teachers at the Bible School in Monterrey more than 40 years ago. He is now pastoring Templo Elim in Kenedy Texas. Wyman also visited Centro Cristiano in Victoria Texas, pastored by Leobardo & Alfredo Velazquez both grew up as orphans in our Children's Home in Monterrey. Wyman returned from his trip glowing with joy he was happy to see the ministry of these men who grew up in the Children's Home and now have their own church.

WYMAN & CATHY VISIT BEAUMONT TX

Wyman and Cathy were invited to attend a meeting of the Singles Christian Connection group in Beaumont, Texas last month. Leora and John Wagliardo were honored for their 30 years of service with the group. The group displayed pictures from all the mission trips they have been on, from the very first mission trip in Nueva Rosita Coahuila, Mexico to the most recent trip this year to Masaya, Nicaragua. Also on display was a quilt that the group put together for Leora and John made from all the singles project t-shirts. Wyman spoke about how their work has blessed so many in Mexico and Latin America and has also blessed those who have been a part of the mission. He shared Luke 6:38 "Give, and it shall be given unto you" he said he has heard testimonies from the group of how God has blessed their marriages, finances, and health because of their obedience to God, blessing people not just with the word but in need with the material things that make a difference. Then Leora spoke and expressed how the quilt was much more than just a blanket, it represents children in the Children's Homes in Mexico that have a place to sleep, food to eat, and going to school. It also reminds her that 13 congregations of people are going to church to hear the gospel in Mexico. She thanked everyone that had ever wore a singles project shirt for getting behind the vision of doing something for God and made it happen. She mentioned how while on these trips they saw God at work helping them accomplish their mission every time. Leora closed saying "If I had another life, I'd do exactly the same thing and I will choose to work with Wyman Pylant."

SISTER MARY FINDS INVOLVEMENT IN THE CHILDREN'S HOME IN MONTERREY

When Mary Lombardo first heard God's calling for her to go to the Monterrey Children's Home it was not easy. She had little money and there was no more room in the vans going to Mexico. But despite that she really felt the need to go on that mission trip. One day she got the news that someone from the group would not be able to make the trip and there was a spot in the van for her. She took that opportunity and was on her way to Mexico. Leora had the idea that Mary could do the children's hair at the Children's Home instead. Mary gladly accepted as that is her passion and profession. Mary took her equipment and at the Home while working on the children's hair she noticed there was a young lady watching her with great interest. Mary felt God was telling her to teach this young lady how to style hair, so she did and she quickly caught on. Mary also felt God really wanted her to leave all her equipment with this young lady. Mary was a little reluctant to do so because it was all she had to work on her clients with when she returns but even so she obeyed God and left the equipment with the young lady. Wyman shared with Mary that he had been praying for a way to somehow teach the children some type of trade and provide tools to help them get started on working. When Mary returned back to Beaumont she began to see miracle after miracle in her finances and in her family and she felt certain that it was God blessing her because of her obedience in going to the mission field.

HI MY NAME IS MONCE RAMIREZ

Hello, my name is Monce it's my pleasure to be writing this Newsletter. I have been helping Wyman in his office for the last 9 months and it has been a blessing to my life. I lost my husband in a fatal truck driving accident in Mexico while he was working almost 3 years ago. I struggle to raise my 13yr old son alone. After becoming unemployed I was worried but my trust was in God and he heard my prayers and lead me to Wyman. I'm fairly new in the Christian walk and I knew God had a plan for my life, but I never imagined he would bring me to this ministry. I feel very blessed and I'm happy to be a blessing to Wyman as well, as he had been praying for some help in his office. There's no doubt in my mind that this was God answering our prayers. I had no experience in missionary work but I'm learning a lot and I'm eager to keep learning and being a part to this ministry. I would greatly appreciate your prayers for me and my son Arturo. May the Lord continue to guide me and use my life.
