

# PYLANT'S NEWSLETTER

## “IT SHOULDN'T HURT TO BE A CHILD.”

*Imagine living in fear every day... having no one to hold you and tell you everything will be okay... feeling hungry and not being able to calm your hunger... beat up and yelled at constantly... having to be in the streets selling gum, when you should be in school... being 9 years old and left alone to care for 3 younger siblings every day, when you could be outside playing with neighborhood friends... watching your mother being beaten by your own father, fearing for her life and your own...*

*There are so many children going through this every day and they have nowhere to turn. This is all happening at the one place where they should feel safe, love, comfort, and peace, their own home.*

## **BUT THAT DOESN'T HAPPEN HERE!**

*These children were suffering these conditions and are now in the Children's Home in Sabinas Hidalgo, Mexico. The Pylant's continue their ministry to children which they have been doing for many years with your help.*

**Thanks!**

## PSM BOARD MEETING 2016

*We had a wonderful visit to Denton this April for our annual board meeting. The Lord blessed us with two new board members, James McCardell, and Ben Koshatka. We are happy to have them and welcome what the Lord has for Precious Seed Ministries' future. We have accomplished so much over the years in ministry from establishing numerous churches, supporting and founding children's homes, to building hundreds of homes for the homeless, supporting ministers, and providing aid to the needy. But we are not done yet! We will continue to serve where the Lord leads us.*

## PERSONAL FROM THE PYLANT'S

Our grandchildren have moved out of Monterrey and are working in Texas one in San Antonio and one in Austin. Our daughter Becky and her family drove up recently from Monterrey to visit. She and her son are doing a lot of things to our house.

**Conversation between Cathy and Wyman:** "I'd like something to eat" (Cathy) what?" (Wyman) "Maybe a steak" (Cathy) "tomorrow, or maybe next Sunday" (mother's day) (Wyman) HA!

We are doing pretty well for our age. We have more good days then bad ones. My doctors (cardiologist, pulmonologist, and gastroenterologist) all give me a good report, Cathy's neurologist as well.

We continue to help the church here nearby pastored by Danny & Mary Bear, graduates of our Monterrey bible school. Funds are seriously down, don't forget us. Thanks for your prayers and support.
